Telus Communications Inc. File 37936-1 Unsurveyed Crown Land north side of Highway 3A in the vicinity of Yellow Lake

Application for a Tenure –Telecommunications Works

Management Plan Details

Section A – Project Overview

The purpose of this Application is to provide a corridor to contain overhead telecommunications cables, poles, anchoring mechanisms and related works. An existing overhead pole line is to be re-located from Statutory Right of Way Plan KAP52480 as a result of upgrading of Highway 3A by the Ministry of Transportation and Infrastructure.

Section B – Project Description

The proposed route will parallel the north side of the new Highway Right of Way boundary. Telus is undertaking this project at the request of the Ministry of Transportation and Infrastructure.

Proposed construction time frame is Winter 2010 / Spring 2011.

Section C – Additional Information

Environmental and Socio-Community – Telus Communications Inc. will participate in, or support any requirement for archaeological or environmental studies related to this Application.
