

REASONS FOR DECISION

FILE NUMBER: 3413344

APPLICANT: District of Sicamous

BACKGROUND:

An application was received for authority for a water main, to be directionally drilled under the Eagle River. The purpose of this watermain is to be an extension of an existing system, which will provide potable water and fire protection to existing residences within Sicamous.

DECISION:

Processed – Tenure Issued

REASONS FOR DECISION:

The proposal is consistent with the Ministry of Forests, Lands and Natural Resource Operations and Rural Development policy for Community and Institutional.

No significant impacts on the environment have been identified by mandated agencies.

Consultation with First Nations has been carried out in good faith, and the Crown's process to seek understanding of the potential issues and impacts was reasonable. The potential for adverse effects on Aboriginal Interests has been avoided, minimized or otherwise accommodated.
