

**Telus File 35471-1**

**Application for a Tenure over Crown Lands – Bed of the North Thompson River in the vicinity of District Lot 2956, K. D. Y. D. Near Avola, B. C.**

**Management Plan Details**

**Section A – Project Overview**

The purpose of this Application is to allow for placement, operation and maintenance of one or more overhead telecommunications cables and related works.

**Section B – Project Description**

Proposed overhead cables will be attached to poles existing on District Lot 2956 (west side) and in the CNR Right of Way (east side), currently owned by B. C. Hydro.

Application has been made to NavCanada for approval of the proposed overhead cables.

**Section C – Additional Information**

Environmental – No in-stream work is required. There will be no works placed in the bed of the North Thompson River.

Socio-Community – Telus will participate in, or support any requirement for archaeological or environmental studies related to this Application.
