Subject: Proposed Easement through DL226, UCL, DL2208, ODYD - Summerland, Our file 2664-2 - Hatchery
CC: Bernadette Aura

Please find attached the following Application:

- Completed Application for utility Easement.
- Title of applicant.
- Agent Authorization.
- Search of existing Lease Holder.
- Letter of Authorization from existing Lease Holder.
- Plan showing Proposed Easement and site Map.
- Photocopy of original as-build drawing dated October, 1973.
- 1 Section 219 Covenant. (KV067960, KV067961)
- Application Fee.

The proposed Easement is for an existing pumped discharge polyethylene Pipe (10") and a 18" overflow discharge polyethylene Pipe. As shown on the sketch plan and the as-build drawing, the 10" pipe continues into Okanagan Lake.

The proposed Easement runs through an existing Marina which we believe is leased by the District of Summerland. It appears that the Lease expired in 2006, however we understand that is now leased on a month to month bases.

Should you have any questions please do not hesitate to call me at any time.

Thanks,

Bob
