### MANAGEMENT PLAN

In regards to the application for a Crown Land License in the name of Allan Skidmore and Clarice Sharon Skidmore at 3914 Bluebird Road, Kelowna, BC V1W 1X6, PID: 001-894-641 LOT 3 SECTION 1 TOWNSHIP 25 OSOYOOS DIVISION YALE DISTRICT PLAN 3107.

The existing dock structure will be removed and properly disposed of.

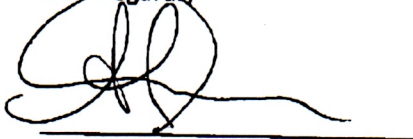

The dock structure shall start at the high water mark and meet the 5m set back guideline. It will proceed out, at 1.5m in width and will continue on to 34.14m in length. At this point the end deck will widen to 2.74m and continue 10.36m. This will make the entire structure 44.05m, equaling the length of the neighbouring docks. Note: The front property line is approximately 15m out from the high water mark. At the point where the end deck widens to 2.74m, there will be a 1.83m wide by 3.51m crosswalk section that joins to a north side access finger. This deck section will be 1.83m wide by 10.36m in length. Overall, this will make the end of this structure in an 'h' configuration and have a total dock width of 8m, at the end.

Building materials will be either steel or Douglas Fir piles (peeled and untreated), Douglas Fir framing timbers, and Thru Flow panels on all deck sections.

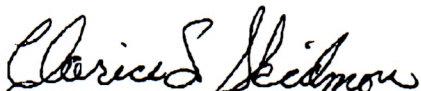

The proposed dock structure will be constructed in accordance to the 'Okanagan Large Lakes Foreshore Protocol'.

This dock is for private use for family and friends, with public access provided year round.

Best Regards,

Allan Skidmore

Clarice Sharon Skidmore
