

## Management Plan for Access to Dwayne Bilawchuk Property

We plan to make a 15 meter wide by <sup>290</sup>~~25~~ meter long skid trail from Dunkley Lumber's cut block A18160 D5 EH80D5 2, through Crown Land to Dwayne Bilawchuk private portion.

We will be using a small line skidder and will be making as small a skid trail as possible and will be harvesting a minimal amount of trees. We will be applying for an Occupant Licence of Cut.

Once we have finished with the harvesting we will be using the trail for ATV access only.
