

Film Activity Letter
for Crown Land/Tenure Film Permit

Project Description

I. Activity Information

-What film related activities will be undertaken on Crown land (production phases, preparation, filming, clean up)

This is a snowboarding shoot. We will access weather and potential to access the Galena tenure each day between February 26th to March 15th to sort out the best location for the shots we want to capture.

-Number of staff who will be on the site and where the crew will be accommodated;
Crew and athletes will reside in Trout Lake, BC and will access the CMH Galena Lodge and tenure via helicopter.

There are (12) crew and athletes members on the staff daily, but they will not access the Galena tenure .

-Method of access to the site (crew and equipment), time required to complete the filming and if an outside company is being hired for access, what company;

We are hiring High Terrain Helicopters in Nelson, BC , Canada for transport helicopter between 2/25 and 3/15 in 2017.

-Indicate duration of working days;

Our shoot window is between 2/25 and 3/15 in 2017.

-Construction of any improvements on Crown Land;

None.

-On- site security;

CMH Galena will provide guide services, safety and rescue purposes in case of emergency.

-First aid and safety;

We will have (2) professional mountain guides with us to provide on site immediate first aid and safety in the Galena tenure.

-Sanitation facilities and refuse disposal;

-Stunts and special effects - describe, when applicable, any use of fire, ignition of fuel, use of explosives, use of chemicals, etc.; and,

Snowboarding and skiing only.

-Indicate if there will be any cutting of vegetation, disturbance or soil or work in or about a body of water.

None.

II. Contact Information

A list of names, positions and telephone numbers of the people (production managers, location managers, etc) who are authorized to sign legal documents on behalf of the company making application.
